

# January 22 2016 – Washington DC Stand Up for Abortion on Demand & Without Apology!

Nearly 43 years after the right to abortion was won, this right is hanging by a thread. New restrictions, more clinic closures, more harassment and outright terror against clinics, and a massive campaign of lies in the media, state legislatures and Congress.

The truth is that fight over abortion has never been about “babies,” – it has always been about control over women. **Fetuses are NOT babies. Abortion is NOT murder. Women are NOT incubators.**

Forcing women to have children against their will is a form of enslavement. And if women – half of humanity – are not free, then no one is free.

- **Needed:** To change the terms. Take the moral high ground, be completely unapologetic and non-defensive about reproductive rights, and change how people *think* about abortion.
- **Needed:** A *national* fight that takes the offensive.
- **Needed:** To mobilize people broadly to rely on ourselves—not courts and politicians—and wage *massive, uncompromising, political resistance* to *stop* this war on women.

Every year the anti-abortion movement dominates the anniversary of Roe v. Wade with their so-called “March for Life.” This Jan 22<sup>nd</sup>, they will strut and bray about their victories in slashing and hacking away at women’s lives in 2015. They will pump up their foot-soldiers to even more violently bludgeon women’s rights in 2016. This spring, the Supreme Court will hear the most important abortion case in decades.

**What message will be heard on the 43<sup>rd</sup> Anniversary of Roe v. Wade?** StopPatriarchy.org calls on every individual and organization that supports women’s right to abortion and birth control to stand up and fight back!
